FOREWORD

In 1959, Hope Publishing Company published its first sacred piano book as compiled and arranged by Reginald Gerig, Professor Emeritus of Piano at Wheaton College. Since that time, countless pianists have been performing from the wide array of piano collections that we have continued to offer through the years. ***The Essential Collection for the Church Pianist*** includes 55 settings from 17 arrangers and is designed to provide the soloist with a wealth of *timeless favorites* from the Hope Publishing catalog along with some newer *contemporary classics.* Whatever the occasion, church pianists will be able to choose from an assortment of appropriate settings in a variety of music styles spanning from classical to jazz.

This collection is arranged in a useful topical order, with a contents page offering easy referencing, as well as a quick glance at the liturgical church year. The wide selection of titles brings together useful settings, for preludes, offertories and special occasions. The difficulty level of the settings ranges from moderately easy to moderately advanced.

With 55 *Timeless Favorites & Contemporary Classics* at your fingertips may this comprehensive collection become a worthy addition to your repertoire as it furthers your ministry of music.
